

## Two years with ClinicalKey: a success story

Carlos de PALADELLA Clinical Solutions Director Spain/LA, ELSEVIER Health Solutions EMEA/LA

### Abstract

ClinicalKey was launched worldwide two years ago. In this period of time all kind of medical institutions around the globe have used our clinical solution. From Europe to Asia, Middle East, Latinamerica and the United States, ClinicalKey has seen an amazing adoption among the medical professionals. We want to explain to you some great stories about the clinical information universe.

We believe this tool helps all professionals, working in Healthcare, deliver a better patient outcome. We are continually listening to you and learning from what your needs are. That's the way we think we need to serve you. We believe we are putting the best technology to serve you in an easy and intuitive way.
